Play House on Fire

1950 1951 1952 1953

On Monday afternoon, September 18, 1950, a fire broke out in the playhouse at the University of California, Berkeley. The fire was caused by a gas leak from a furnace. The playhouse was a large, modern building designed by the architect Frank Lloyd Wright. It was a popular spot for students and faculty alike. The fire was quickly extinguished, but the damage was significant. The playhouse was closed for several weeks for repairs.

Student Union

Student Union Fire

1950 1951 1952 1953
